About us

Sacred Heart Rehabilitation Center is a substance use disorder treatment provider. We serve women, pregnant women and women with children, men, and adolescents. Sacred Heart is now in its fourth decade of serving those with the greatest needs and the fewest resources. Our mission of charitable service has always been our distinguishing characteristic.

What is a FOSH?

A Friend of Sacred Heart (FOSH) is a generous donor and/or sponsor who aids in fulfilling our mission of assisting all people with behavioral health issues including those with limited means to improve their quality of life.

The need

The need is great. Hundreds of thousands of people in the State of Michigan need and seek, but don't receive, substance abuse treatment.

How will the money be used?

Proceeds from the dinner will be used for programmatic and facility improvements in our Women's Programs. Last year's dinner proceeds allow Sacred Heart to purchased purchase furnishings and do some much needed and urgent renovations at our New Life Home facility and to support the start-up of our Port Huron Recovery Center for Women.

Sacred Heart has commissioned a building project to evaluate the New Life Home residential facility and develop long-range facility plans for that program, including as well as the two supportive living homes. Sacred Heart is committed to providing women who attend our New Life Home program the same high Sacred Heart standards in place at our other outpatient and residential facilities.
