# *Dear Friends of Sacred Heart,*

Dear Friends of Sacred Heart,

On behalf of all of us at Sacred Heart Rehabilitation Center, I would like to welcome you to the 9th Annual Spirit of Compassion Dinner. We appreciate you joining us in our annual celebration of the beauty and the joy of women in recovery.

Many women in the State of Michigan, maybe women who have touched your life have experienced the disease of addiction. At Sacred Heart, we try to make sure that any woman with a substance use disorder can get the care they need when they need it in the best way for them. Our general adult program offers short-term intensive gender specific residential treatment in a co-ed setting. Our Clearview program offers specialized women's services in an all female setting into which the women can bring dependent children, if need be. Our New Life Home offers longer-term gender-specific treatment in an all female environment. And our Bay City, Flint and Port Huron offices offer specialized women's services in an outpatient setting.

Our Spirit of Compassion Dinner is an attempt to support and motivate women in recovery by recognizing and celebrating their accomplishments. It is a symbol of the hope our services bring to those who seek them and that they, in turn give to each other. It celebrates the courage and strength of women who have started their personal journey of recovery. Take a moment to celebrate recovery and enjoy the evening.

Your continued support for Sacred Heart and those we serve is greatly appreciated by all of us at Sacred Heart.

Grady L. Wilkinson  
President/CEO

The EPIC program provides community-based, co-occurring mental health recovery support services to consumers in the Detroit-Wayne County area, with a focus on Detroit, Highland Park and Hamtramck.

The program is available to consumers Monday thru Friday, 8:30 a.m. – 8:00 p.m. and Saturday 9:00 a.m. – 2:00 p.m.

Practitioners in EPIC (**Integrated Treatment Specialists**) who develop recovery plans to address both serious mental illnesses and substance use disorders so that *consumers do not get lost, excluded, or confused* going back and forth between different mental health and substance abuse programs.

What does EPIC offer?

**Stage-wise interventions** – Services for EPIC clients will be provided consistently with and determined by each consumer's stage of treatment.

**Access to comprehensive services** – Such as *Housing services, Supportive employment, Family interventions, Illness management and Recovery.*

**Outreach to keep consumers engaged**

**Group Treatment** – All EPIC consumers will be assigned to a DRP dual anonymous self-help group **and** in an EPIC provided "Seeking Safety CBT" group addressing trauma and other issues.

**Interventions to promote health** - EPIC will promote health by encouraging consumers to avoid high-risk behaviors and assess sexual health and situations that can lead to infectious diseases, find safe housing, practice proper diet, and exercise.

**MVC - Who We Are:**

All of our Surgeons are focused 100% on Vascular Surgery, which is a rapidly changing field. For over a decade, they have been leading the advance of minimally- invasive endovascular procedures to address diseases that traditionally require extensive operations. In fact, since over half of our work is now done without incisions, our "Vascular Surgeons" are more accurately called "Vascular Specialists!"

Michigan Vascular Center is a team of over 60 citizens of mid- Michigan working together to improve the vascular health of mid- Michigan. We are receptionists, schedulers, administrative staff, lab technicians, medical assistants, nurses, nurse practitioners, PA's and vascular specialists. We've been caring for the people of Genesee County day and night, 365 days a year since 1963. We look forward to the next 45 years!

- Computers and servers
- Devices and gadgets
- Phones and videoconferencing
- Networking and bandwidth
- Data security

Our tools may be different, but our goals are the same...and that's the health of your clients.

To ensure that you are able to effectively and efficiently deliver services to your clients, Afia is now offering a strategic service to assist in the analysis and design of your organization's

IT infrastructure. We will utilize our "best practice IT checklist" to analyze all of your major technology investments to ensure their optimization. This will result in faster computers, increased security, improved staff satisfaction, and a more focused ability to support critical programs such as Health Homes, Meaningful Use,

Telehealth, as well as Outcomes and Performance Reporting. If you are experiencing any slowness or ongoing issues with your IT systems, and if you want to ensure that you have an infrastructure capable of supporting the growth of your programs and services, please contact Afia today for more information.
